An Opportunity For Genuine Change

Far too many of our municipalities are failing in their duty to protect, maintain and build our communities. They are crumbling under chronic service delivery failures, rampant financial mismanagement, increasingly wasteful and irregular expenditure, and are being run by elected councillors who seem to treat their councils like personal feeding troughs. You deserve better!

The African Christian Democratic Party (ACDP) has many solutions to ensure that municipalities thrive, and keep our communities safe, healthy, well-maintained and clean.

These include:

- Well-funded local safety plans that equip and train communities;
- Transparency in the allocation of housing, and the eradication of corruption in the tender process;
- Municipal healthcare that serves our people with integrity, care and expertise;

- Ethical, accountable, and skilled municipal staff, regardless of race, sex, age, disability or religion;
- Public transport that is reliable, safe and affordable;
- The prioritisation of maintenance and upgrading of water, sewerage, road and electricity infrastructure;
- Local economic opportunities to address high levels of unemployment and poverty;
- Expanded Public Works Programmes (EPWP) and local job opportunities that are transparent and fair;
- Employing more health inspectors to monitor small businesses that trade in food to ensure that they operate in accordance with food safety and hygiene regulations;
- Assisting communities in their struggle against criminal syndicates, gangsterism and drug and alcohol abuse by successfully arresting and prosecuting criminals, gangsters and drug dealers, increasing the number of sniffer dogs, and shutting down 'drug dens' and illegal shebeens; and
- Completing a municipal land audit in order to release suitable land for social housing, and encouraging public participation in their development close to economic hubs.

Africa**
You Deserve!

Defending The Values You Hold Dear

The ACDP is built on a strong Biblical foundation that seeks to honour God and put you and your needs at the centre of its policies.

The ACDP:

- Protects religious freedoms. For example, during the Constitution-making process, we ensured that South Africa was not declared a Secular State. This means, *inter alia*, that religious leaders today can hold public office, and that religious observances may be conducted in state institutions.
- Stands firmly against attempts by the Cultural, Religious and Linguistic Rights Commission to regulate the Church.
- Opposes the General Intelligence Laws Amendment Bill which will require state security vetting for anyone wanting to establish an NGO or church.
- Provides vital oversight. We played a key role in Parliament's Eskom Enquiry into state capture and corruption, and currently sit on the Impeachment Committee for the Section 89 Enquiry into the removal of the President of the Republic of South Africa;
- Promotes quality education where parents play a central role, and protects the rights of

home schoolers.

- Opposes anti-family values in our education system found in legislation and policies such as the Basic Education Laws Amendment Bill and government's Comprehensive Sexuality Education curriculum.
- Protects family values, and opposes abortion-on-demand, pornography, and attempts to legalise prostitution.
- Protects property rights and opposes the expropriation of land without compensation.
- Supports an open-market economy with a social conscience.

Real Change Starts With You and Me

We all want a service-driven local government that is accountable and works. We also want to live in communities that are safe and well-maintained—communities that are able to attract investment, flourish, and grow.

At the ballot box on 4 November 2026, elect capable, trustworthy men and women who share your values, and will serve you and your community with integrity, excellence, and care. Vote for the South Africa you deserve! **VOTE ACDP.**
